# Quick start guide

This helpful guide walks you through your initial talech Mobile setup, from app download to first time login assistance.

## Installing the app

### Step 1:

You should have received your talech welcome email where there is a link that will take you to the App Store. You may also select the App Store icon housed on your smartphone.

### Step 2:

Select the Apple App Store or Google Play Store icon depending on your phone type. Search for **talech Mobile** in the top navigation bar.

### Step 3:

Tap **GET** next to the talech Mobile icon > tap **install** > and follow the prompts of the download.

### Step 4:

Once the app is downloaded, tap Open on the page or you can tap the talech Mobile icon now on your home screen. With the app successfully installed please follow the below steps that will walk you through first time sign-in.

## Initial user sign-in

### Step 1:

Obtain your temporary login password provided in your talech welcome email (below example). Upon entering the password on the sign-in screen, you will be prompted to create a new one.

### Step 2:

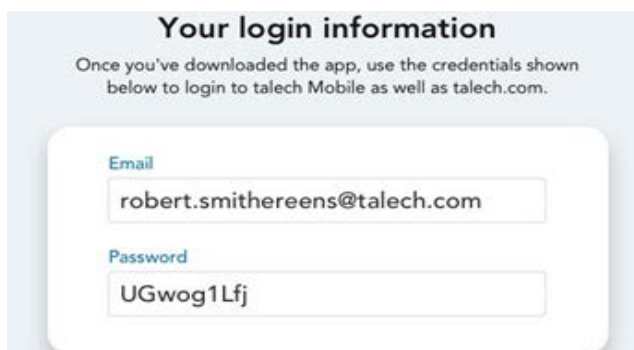

Create your new login password and a 6 digit PIN to secure your account. (See below for requirements and page 2 for screenshots)

#### Password requirements:

- Minimum of seven characters
- At least one letter and one number

#### 6 digit PIN:

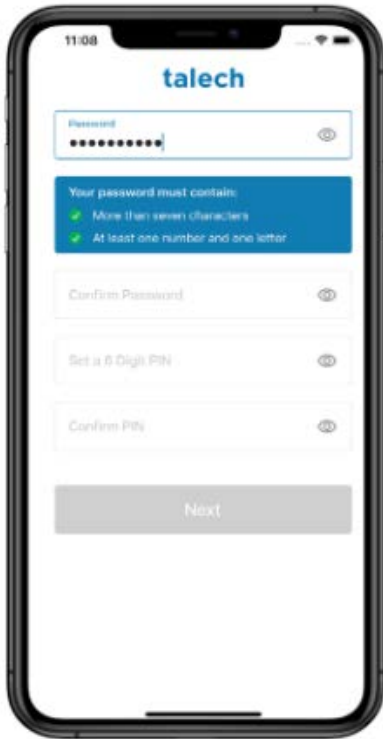

- Ensure the PIN is memorable. This will be the unlock code for the app.
